

ABOUT CIVIC INITIATIVE

Accessible Civic Tech for Pakistan

Empowering millions of citizens to safely master complex government processes without middlemen.

OUR MISSION

Inclusion Through Knowledge

To build a barrier-free digital environment where any citizen, regardless of language proficiency or technical background, can reliably process official tasks.

THE PROBLEM

Hidden Rules & Middlemen

Official guidelines are frequently scattered across old portals, laden with archaic phrasing, and prone to third-party exploitation.

OUR APPROACH

Intelligent Conversational Mapping

Applying advanced AI contexts to trace, format, and translate public policy frameworks into readable, secure task lists.

DEVELOPMENT ROADMAP

Q1 2026

Bilingual Voice Assistant

Interactive voice-to-voice query handling in Urdu dialects.

Q2 2026

Provincial Portal Sync

Direct integration with Sindh and Punjab civic portal schedules.

Q3 2026

Offline SMS Guide

No internet required. Query civic checklist over a secure SMS channel.
